

August 2007

Parents and servants: We need your cooperation in the continued implementation of the following policy. This policy has been an unwritten guide in the past, but we want clear communications. Behind-the-scenes servanthood is a truly-valued agape, and we need to protect you. We also are accountable for your movement while you are volunteering your love. In order to:

- protect servants by using a more experienced driver
- encourage fellowship in the servant group
- simplify the servant experience
- allow logistics to place servants where the need is greatest
- promote timely arrivals
- prevent being lost in-between camps or going to candlelight
- minimize the need to “hide” servant’s cars behind the scenes

The Chrysalis Board is supporting the following policy:

Any Chrysalis servant 17 years or younger who stays at the Big House may not drive his/her car to the camps during the day, may not leave the flight, or may not leave Big House at night. All transportation to and from the camps, candlelights, etc, will be provided by a van with a driver who has been approved by the Flight or Journey designees. Any student 17 or younger may not ride in a passenger car with any driver (unless it is family) or leave the servant’s role without **prior written parental permission**. Please **make us aware of special circumstances on the permission slip**, so we can work together to insure safety. We are more aware of “Safe Sanctuary” procedures, so we will stay in a group as much as possible.

Transportation for any medical emergency or other camp needs will be by an adult designee of the Flight or Journey.

If you are 18 and wish to drive your car to the camps, need to leave during the weekend and return later, or will arrive after Big House has provided transportation, you are still very welcome. You are also invited to enjoy the bus shuttle, and your gas bill will be less!!
